

WHEN AN UPGRADE IS THE SMARTER CHOICE

Parts, Service & Blade Maintenance

Worldwide Professional Service

With almost 50 years supplying dependable slicing and packaging equipment to the worldwide baking industry, LeMatic knows that even the best equipment requires routine service and replacement parts. And if a perfect slice is your priority, a sharp blade is a must. That's why LeMatic maintains full-time departments staffed with seasoned professionals who are kept up to date on the latest technology and are committed to keeping your equipment in tip-top working order.

PARTS:

LeMatic has the parts you need the most for LeMatic *and* our competition's equipment. If you need a part that seems impossible to replace, or is no longer supported by the manufacturer, our tooling department can replicate it.

- Upgrade kits
- Scheduled replacement programs
- Replacement parts for any packaging line

SERVICE:

Your investment in LeMatic equipment is just the start of your relationship with us. Our engineers and technicians are available for the life of your equipment.

- Upgrade kit installations
- Remote and in-bakery troubleshooting and repair – *anywhere, any time!*
- Field service maintenance programs – stop line breakdown before it starts
- Staff training

BLADE SHARPENING AND REPLACEMENT:

LeMatic staffs an entire department dedicated to blade sharpening. Our skilled technicians will sharpen your blades for optimum slicing performance. Whether you are seeking hard-to-find replacement blades or need to set up a blade maintenance program, call LeMatic.

- Replacement blades and forker chains
- On-demand blade sharpening
- Blade maintenance programs

Fast, friendly worldwide service!
